AUSTRIA - EMPIRE

NEW AUSTRIALIST

My long-term aim is to concentrate on the stamps of Austria and Germany.

As a start, much new material is included in this list, so a chance to fill some gaps for regular stamps, or to add some new specialised material to your collection of Austria.

The list for AUSTRIA - REPUBLIC (1919 to 1956) will follow in a couple of months.

We have also launched a new website (www.stampsofaustria.com) (SEE PAGE 31). There, you will find all our stock (including ALL the cheaper specialised items illustrated there in full colour). New items will appear as they come into stock, sold items will also "vanish" at the time of sale. Thus, all items actually available will constantly be on display.

Over time, short articles and "blogs" are being added, so that the website will also become an on-line source of information for Austrian philately.

TERMS OF SALE

Minimum order £20 please, to allow for bank charges and business costs. I always find a few items sell out quickly. If you can list alternatives, accept a credit note for next time, or pay by credit card or blank limited cheque, this helps us. I aim to send out most normal orders from stock by return post. (Occasionally a little longer if the stock is at an exhibition).

Free first class or airmail (at customer's risk) or £7 extra for insurance if required. Orders for £200+ sent by registered mail free of charge.

Mastercard and Visa cards are both welcome. You can also pay by cheque in £p (or € Euros cash or cheque on a French bank).

Prices are in British £p. Exchange rates:
£1 = USA \$1.50 £1 = Euro €1.35

All stamps are in fine condition !

We look forward to your order!

The Austrian Post Offices in the Levant

by Hans Smith FRPSL. The Tchilinghirian & Stephens classic has been reworked with more data and recent finds. "Levant" is used in a wide sense, it includes Albania, Greece, Romania, Bulgaria, Turkey, Egypt. Unlike T&S, this book does not include maritime, on-board (paquebot) cancels, nor are there valuations, but the book otherwise is in Tchilinghirian style and takes into account research and finds in the c50 years since Tchilinghirian published his "Austria Used Abroad". Fully illustrated in colour with many fine covers from the Hans Smith gold medal collection. 200 pages, in full colour, hardbound.

Published 2013. ISBN 978-0-900118-09-8. Price £50.00

"Where is it?" - that frequently asked question about obscure postmarks, is answered here. DIE GESICHTE DER STEMPELMARKEN IN ÖSTERREICH

by Dr Stephan Koczynski. Seriously specialised work in German on the early revenues of Austria, this is the text of the original work published in 1924. Covers the historical, legal and printing details in depth and nothing has been done to the same level since. Essential (though heavy!) reading if you are building an exhibition standard collection of Austria revenue stamps. APS compact disk made in 2008.

With English introduction. Needs Adobe Acrobat to open, most computer users will already have this, but easy and free to download should you need it. However, you will need a good standard of German to use this CD.
