COLLECTIONS

MARCH 2018

Plenty of our usual European material, an excellent section of Austria and Germany, Italian Colonies, plus some Commonwealth and some Overseas too, with collections, clearance lots, collector vendor lots, and some better single items at "must buy" prices.

Catalogue numbers and catalogue values are normally by SG (Stanley Gibbons), and the approximate quantity of stamps shown in brackets ().

As a guide for you, we use the following descriptions :

Collections : these contain mainly different stamps (apart from any blocks or specialised material), with fairly full coverage of the period stated. Normally on leaves - the make of printed leaf is stated when it is a major brand. "In album" means it comes with the binder in good condition (make is usually stated, "titled" means the album has the printed title made by the album manufacturer for that particular country); "on leaves" means that the collection is without a binder for economy of mailing.

Run : For the period stated, similar in coverage to "Collections", but on stock sheets, not on album leaves.

Ranges : Either on stockcards, or selection of leaves, more scattered than a full collection, but still with a reasonably even spread of material and plenty to interest the collector.

Selections : a more restricted range, but often with better sets or individual items of value mentioned in the listing.

Accumulations : contain mixed stamps "as they come", sometimes with much duplication. Emphasis here is on quantity and cheapness; general condition and duplication are allowed for in the selling price of the lots. We don't have time to check every stamp by any means, so you should well find some bargains.

If possible, phone to check availability and to order. You can give your Credit Card number by phone at the same time, your lots will then be sent straight away.

Postage : this is normally free (part of the service!). Smaller lots sent by 1st class mail. Larger lots (2kg+) by Fedex Courier service. Boxes sold by weight are post free in mainland UK only. (Heavy parcels to N.Ireland, IoW, Channel Islands etc may cost a little extra). Registration/Insurance, or courier for small lots: this costs £7 extra if required.

Orders over £200: free registration/insurance is provided in the UK.

To order, just quote the country + stock number (e.g. "Aegean 6395)
